Mili Series

MILI is derived from Chinese pronunciation for rice. Compared with the boundless universe, you and I are rice in the ocean. However the existence of you and I are the one and only, which is just like a grain of rice that is the one out of ordinary. The design of MILI series originates from a grain of rice owing small and delicate appearance. Outlet design with well sense of direction makes it much more intimate to use. Convenient gravity open nozzle design also shows its own ingenuity. Unique design comes from every moment of life and will also serve every detail of our life.
