

Lighthouse series

The lighthouse symbolizes guarding, never giving up, selfless dedication, and hope. A lighthouse is a tower shaped illuminated navigation mark built near a critical part of a waterway. It is a fixed navigational mark that serves as a beacon to guide ships or indicate dangerous areas. The flames on the lighthouse are the hope of navigation, representing a safe harbor. The lighthouse illuminates the road with flames for all those who sail at night. The lighthouse guides the direction of the lost ship, silently and without seeking anything in return. The lighthouse silently waits for the ships coming and going, with a heavy responsibility.
